## Cash Registers and POS Terminals

In 1912, founder, Tokuji Hayakawa, was awarded a patent for the "Tokubijo" snap buckle (he was 18 years old at the time). On September 15, the same year, he established a small metalworking shop in Tokyo. The company began with three employees and initial capital of just under 50 yen.

In 1915, Mr. Hayakawa continued to research and improve techniques to manufacture a metal writing instrument which, at the time, had not yet been developed. In 1915, he invented a mechanical pencil named the "Ever-Sharp Pencil" that took the world by storm. The name of the company today and its trademark are derived from this product. In May 1935, the structure of the company was modified to become a joint-stock corporation under the name Hayakawa Metal Works Institute Co. (capitalization: 300,000 yen.) Since then, based on our founder Tokuji Hayakawa's dream to "Make products that other companies want to imitate", Sharp has gone from strength to strength with our technologically-advanced 'one-of-a-kind' products.

Sharp has a long history of creating breakthrough products designed to meet the needs of people living in Australia and around the world. Sharp's world-wide leadership in technology innovations; especially in LCD and Solar, ensures Sharp is at the forefront of the pack.

Today, Sharp products are sold in 140 countries. There are 27 manufacturing operations, 29 sales companies and 2 representative offices in 26 countries.

Sharp aims to continue to make contribution to the Australian society by bringing innovative solutions to your everyday lives.

## XE-A147B/W

- A small electronic cash register with wide application
- 200 PLU and 1 departments
- 3,000 line electronic journal
- 6 line logo print with the built-in thermal printer
- Built-in SD Card slot for easy data and program transfer\*
- Available in white or black

## XE-A207B/W

- Large, easy to view multiline Operator
- LCD Display with tilt mechanism
- Built-in SD card slot for easy data and program transfer\*
- Easy to program with guided programming and help key function
- 2,000 PLUs and 99 departments
- 9,000 lines electronic journal
- 53 raised-keys keyboard
- Available in white or black

## XE-A307

- Large, easy to view multiline Operator
- LCD Display with tilt mechanism
- Built-in SD card slot for easy data and program transfer\*
- Easy to program with guided programming and help key
- 10,000 PLUs standard, 9,000 lines (max) electronic journal
- Scanner interface supported
- 61 raised-keys keyboard
- 2-station thermal printer

**XE-A217B/W**

- Ideal for small but busy restaurants and cafes
- Large, easy to view multiline Operator
- LCD Display with tilt mechanism
- Built-in SD card slot for easy data and program transfer\*
- Easy to program with guided programming and help key function
- 9,000 lines electronic journal
- 119 flat-keys keyboard
- Guest Look-up function
- 70 Direct PLU keys
- Available in white or black

**ER-A421**

- Perfect for small hospitality outlets and other specialty stores
- Brightly lit 192 x 80 - dots operator display
- SD card slot for programming and data backup / restore\*
- 20,000 PLU maximum
- Four RS-232 ports for connecting peripherals such as a scanner
- Thermal Receipt and Journal printers,
- 15 l/s and 30 digits wide

## POINT OF SALES SYSTEMS

Idealpos Solutions started development on the Idealpos [POS Software](#) product in 1999. Since then, we have progressed through the versions, adding more features and updating the programming languages as we go. As of June 2011, we have sold over 7000 software licences to customers in Australia, New Zealand, Canada and several other countries. We pride ourselves on listening to our customers, and ensuring that every feature in the software works as it should, and is simple and easy to understand.

In Australia, Idealpos Solutions distributes [Point of Sale Hardware](#) including Touch POS Terminals, Embedded PC's for Kitchen Monitors, Printers, Cash Drawers, Scanners and much more. We purchase our hardware from reputable manufacturers in Taiwan and perform local service and repairs on our range of POS Terminals and printers.

### IDEALPOS VALUE PACKS

### ARES V1 15

### I15J1900

The Idealpos 7.0 POS Pack deal is the most cost effective option for customers who require just one POS Terminal or a single POS Terminal with another software license for the back office computer. It is available with any of our Idealpos Terminals and also include a TP100 Thermal Receipt Printer, an Idealpos Cash Drawer & Pack 1 or Pack 2 software.

## GC36TRAY INSERT

Cash Drawer Tray for GC36 8 coin and 5 note compartments

## IDEAL WEBIT INTERFACE

Ideal WebIT is a two-way interface to share product data from Idealpos 6.0 to a website with e-commerce online shopping.

## ACCOUNTING INTERFACES

Idealpos allows for accounting to be done outside of the software itself. With API Integration to **MYOB, XERO, QUICKBOOKS**, and ATTACHE, we have you covered.

## PC-EFTPOS INTERFACE

Integrated EFTPOS Interface  
2 Way Integrated EFTPOS for Tyro, DPS, PC Eftpos and Quest

## STOCK iPHONE APPS

Idealpos utilizes an app to allow you better management tools for the serious side of your business, stock control. With Stock Manage you are able to perform a stocktake on all your locations, transfer stock between locations, receive items into stock and assign barcodes to all items.

## CAS WEIGHING & LABEL SCALES

Variety of sizes, capacities, features & functions to suit multiple applications. Products range from Commercial Pricing, Point of Sale (POS), Label Printing, Counting, Check-weigh through to Industrial Crane Scales, Platforms, Indicators, Load Cells, Weighbridges & Food Inspection Systems.

## Idealpos Kitchen Monitor

Takeaway orders can show the customer's name or phone number and the Table Orders can be displayed in a different colour to a take away order, and you can set a visual alert colour to easily identify which orders are taking too long to prepare! The main benefit of a kitchen monitor system over kitchen printers is the ability to summarize all the orders together. This helps the chef to quickly total similar items without having to read through all the individual orders.

**SAMSUNG**

# HP + Samsung

Combining the power of HP printing leadership in security, quality, and reliability with the professional performance of the Samsung brand at great prices to offer unprecedented print innovations and performance for your business. From our beginnings as a small trading company, Samsung evolved into a world-class corporation with businesses that span

advance technology, semiconductors, skyscraper and plant construction, petrochemical, fashion, medicine, finance, hotels and more. Our discoveries, inventions and breakthrough products have allowed us to be a leader in these fields, constantly pushing the industries forward.

**SAMSUNG**

## SL-M4030ND

Samsung's SMART ProXpress M4580FX printer provides smart usability that allows users to work fast and efficiently.

- 10.1" LCD Touchscreen
- Android-Based Operating System
- Professional 1GHZ CPU
- Long Toner Life
- Lower Your TCO
- XOA Embedded for Custom Software Applications

## SL-M5370LX

### True A4 Work-Horse

- 53 ppm, B/W A4 only
- 1,200 x 1,200 dpi effective (max)
- Scan Speed up to 80 ipm @300dpi
- 550 sheets (standard)
- Up to 15,000 page monthly per Month
- 1 GHz dual core processor
- 10.1" colour Android touch LCD panel
- 4GB memory/320GB disk drive
- XOA (open architecture platform)
- Black Toner Yield: 40k
- Black Drum Yield: 100k

**SAMSUNG**

## SL-X3220LX

### A3 Multifunction SMART MultiXpress

- 22/28 ppm CLR A3/A4
- 9,600 x 600 dpi effective (max)
- Scan up 45 ipm @300dpi
- 1,040 sheets (standard)
- 2,180 sheets (max)
- 1GHz dual core processor
- PCL5ce/PCL6/PS3/PDFV1.7
- 7" colour touch-panel LCD
- 2GB memory/320GB disk drive
- Black Toner Cartridge yield: 20,000 pages
- Colour Toner Cartridge yield: 15,000 pages

## SL-X4300LX

### A3 Multifunction SMART MultiXpress

- 30 ppm CLR A3/A4
- 1,200 x 1,200 dpi effective (max)
- Scan up 80 ipm @300dpi
- 1,140 sheets (standard)
- 2,180 sheets (max)
- 1GHz dual core processor
- PCL5ce/PCL6/PS3/PDFV1.7
- 10.1" colour Android touch LCD panel
- 4GB memory/320GB disk drive
- XOA (open architecture platform)
- Black Toner Cartridge yield: 20,000 pages
- Colour Toner Cart yield: 23,000 pages

## SL-X7400/500/600

### A3 Multifunction SMART MultiXpress

- 40/50/60 ppm B/W & Colour A3/A4
- 1,200 x 1,200 dpi effective (max)
- Scan up 240 ipm @ 300dpi
- 250 sheet DADF Capacity
- 1,100 sheets (standard)
- 6,140 sheets (max)
- 60-320gsm media weight
- 1.5GHz quad core processor
- PCL5ce/PCL6/PS3/PDFV1.7
- 10.1" colour Android touch LCD panel
- 6GB memory/320GB disk drive
- XOA (open architecture platform)
- Black Toner Cartridge yield: 45,000 pages
- Colour Cartridge yield: 30,000 pages

## Laser printers, Multi-Function Centres (MFCs), Fax machines, Labellers

For more than a century, Brother has won recognition as a brand synonymous with delivering product innovation and customer satisfaction. A Japanese company founded in 1908, Brother has 19 production facilities and 43 sales companies operating in 41 countries in different regions today.

- Optional Bluetooth interface
- Includes free professional desktop label design software for PC and Mac
- Optional Touch Panel with backlit LCD display

### HL-1110

With print speeds of up to 20 pages per minute, the new Brother Monochrome Laser HL-1110 printer has all the features you need for an efficient office. Reliability Meets Affordability in this perfect package offering print speeds of up to 20 pages per minute, Hassle-free Printing

### HL-L2300D

Value meets reliability with Brother's fast 26ppm, compact HL-L2300D monochrome laser printer.

- Up to 26ppm print speed
- Automatic 2-sided (duplex) Printing
- Hi-Speed USB 2.0
- 250 sheet lower paper tray
- Standard-yield toner up to 1,200
- High-yield toner up to 2,600 pages

### HL-L2350DW

When all you need is a reliable and effective printer to bring your digital documents to life, Brother's HL-L2350DW is the easy choice.

- 30 pages per minute
- Automatic 2-sided (duplex) print
- 250 sheet paper Input
- Wireless connectivity
- Up to 3,000 page HY toner
- 64MB memory

### HL-L5100DN

Perfect for small businesses or individual departments within a larger organisation, Brother's HL-L5100DN monochrome laser printer opens the door to possibilities. With its reliability, low total cost of ownership and professional quality prints, this machine will move your business forward. Featuring fast print speeds of up to 40ppm, automatic 2-sided printing

### HL-L5200DW

Brother's new mono laser printer, HL-5200DW is a dependable productivity partner. With print speeds of up to 40ppm, 2-Sided printing, 300 sheet paper tray and wireless capability this stylish printer delivers high-speed output and robust reliability even in the most demanding business environments.

### HL-L6200DW

Brother's new mono laser printer, HL-6200DW is a dependable productivity partner. With print speeds of up to 46ppm, 2-Sided printing, 570 sheet paper tray and wireless capability this stylish printer delivers high-speed output and robust reliability even in the most demanding business environments.

### HL-3170CDW

Packed with new technology the HL-3170CDW offers a wide range of features designed with you and your business in mind.

- 250 Sheet Paper Capacity
- Network Ready & Wireless ready
- iPrint & Scan
- AirPrint
- Automatic Duplex
- Secure Print
- PCL6 & BR-Script

### HL-L8260CDW

For efficient and reliable business printing it's hard to go past Brother's HL-L8260CDW Colour Laser Printer.

- Up to 31ppm colour and mono
- Paper input of up to 300 sheets
- paper input of up to 1,050 sheets
- Automatic 2-sided Printing
- Optional high-yield replacement cartridges
- 100Base-TX/1000Base-T

### HL-L8360CDW

Brother's HL-L8360CDW Printer is designed for business, offering fast and accurate printing to maximise productivity

- Up to 31ppm colour and mono
- paper input of up to 1,050 sheets
- Automatic 2-sided Printing
- Optional high-yield replacement cartridges
- 100Base-TX/1000Base-T
- Integrated NFC
- Intuitive 6.8cm LCD Touchscreen

### MFC-1810

This fast and compact monochrome laser Multi-Function Centre® offers you high quality Printing, Copying, Faxing and Scanning coupled with low running costs.

- Home Office
- Laser
- Mono Printing

### MFC-L2750DW

Brother's MFC-L2750DW is the ultimate helping hand for your thriving home or small office.

- Print speeds up to 34 ppm
- Automatic 2-sided
- 250 sheet paper input
- 50 sheet ADF
- NFC & Wireless Communication
- Up to 3,000 page high-yield toner
- 6.8cm colour touchscreen
- 256MB memory

### MFC-L6700DW

Brother's MFC-L6700DW multifunction monochrome laser printer will make a sizeable difference to your business.

- Print speeds of up to 46ppm
- Scan speeds of up to 56ipm
- Combined paper input of 570 sheets
- Automatic 2-Sided Printing
- Up to 12,000 page toner cartridge
- 12.3cm touchscreen LCD display
- High speed wired and wireless
- Wi-Fi Direct

## MFC-J4620DW

The Brother MFC-J4620DW is a high-speed, wireless A4 Inkjet Multi-Function Centre® which offers A4 scan, copy and fax functions, 20-sheet automatic document feeder, single sheet A3 printing, high print speeds of up to 22/20ppm monochrome/colour (laser comparable), automatic 2-sided (duplex) printing, plus a direct connection to cloud services and mobile devices offers easy collaboration both in and away from the home or office.

## Laser Printers, Multi-Function Copiers, 3D Printers, OLED Technologies

### Why Konica Minolta

Konica Minolta Business Solutions Australia is a market leading provider of integrated print hardware and software solutions with the power to transform the business environment. As a technology innovator, Konica Minolta invests continually in research and development in order to deliver inspiring products and give shape to ideas.

### Technology that's ahead of the pack.

Specifically designed to meet the needs of the contemporary workplace, the Konica Minolta bizhub A3 colour series of multifunction devices offers a whole range of advanced features, functions and built-in benefits to help your people work faster and more efficiently, and to produce superior quality material - every time.

### Leading environmental credentials

Konica Minolta created an environmental policy that has been part of our business for over 30 years. We are proud to say our business devices are among the best on the planet. They are more energy efficient, use less toner, and produce fewer greenhouse gas emissions than ever before.

Dream It.  
Print It.

NOW YOU CAN LITERALLY TOUCH  
AND FEEL YOUR THOUGHTS

### 3D Printing

3D printing was inspired by ordinary inkjet printers, which lay down ink onto a piece of paper. One layer of color at a time, a coherent image is formed from a file on your computer. 3D printers build 3-dimensional, solid objects from a digital design file (using plastic polymers and other materials), one layer at a time.

Also called additive manufacturing, the process adds materials in order to make a final product, as opposed to other manufacturing methods, such as machining, which cut away pieces of raw material to make a particular shape and size.

### The Many Possibilities of 3D Printing

A basic, personal desktop 3D printer can make tools and other simple objects - from a screwdriver (and as many screws as you need), to a case for your iPhone, to a set of Legos for your kids. It can also be used to create sculptures and other art, or intricately detailed jewelry.

**BIZHUB C3110**

Quality, versatility and speed in a stylish compact device.

- A4 Colour Copier/Printer
- Colour: 31 ppm
- Mono: 31 ppm
- Max paper capacity: 850 sheets

**BIZHUB C3351/3851**

Perfect versatile partner for printing, copying, scanning and faxing.

- A4 Colour Copier/Printer
- Colour: 33/38 ppm
- Mono: 33/38 ppm
- Max paper capacity: 1,650 sheets

**BIZHUB C227/287**

The bizhub C227 will put your office on the fast track to productivity.

- A3 Colour Copier/Printer
- 22-28 ppm
- 2 x 500 Sheet Cassettes
- PCL, PS3 Printer

**BIZHUB C258/308**

The bizhub C258 delivers outstanding all-in-one productivity.

- Colour: 25-30 ppm
- Mono: 25-30ppm
- 2 x 500 Sheet Cassettes
- PCL, PS3 Printer
- Colour Scanner

**BIZHUB C368**

High performance technology with seamless mobile connectivity

- Colour: 36ppm
- Mono: 36ppm
- 2 x 500 Sheet Cassettes
- PCL, PS3 Printer
- Colour Scanner

**BIZHUB C458/759**

Improve productivity with high-speed output and powerful modular options for scalability.

- Colour: 45-75 ppm
- Mono: 45-75ppm
- 2 x 500 Sheet Cassettes
- PCL, PS3 Printer
- Colour Scanner

# WORKPLACE HUB ADMIN DASHBOARD

True, functional simplicity – the interface that puts you in control, from any device, wherever you are.

Tasks become easy, whether reviewing resource usage, revising service contracts, managing user rights, checking security or infrastructure status, changing site support or adding and removing applications.

## Compatibility

The Admin Dashboard is accessed via your web browser and is compatible with Chrome, Firefox, Safari, Microsoft Edge. Microsoft Office products and other standard tools can be integrated.

### WI-FI MANAGEMENT

Control your company's Wi-Fi and access points wherever you are. Set different Wi-Fi access rights, including limited access for guests

### ASSET MANAGEMENT

A simple way to review and manage all your hardware and software licences.

### STORAGE AND BACK-UP SETTINGS

Review and determine your storage, at the click of a button.

### SECURITY OVERVIEW

Remain in control of your IT and data security.

### USER MANAGEMENT

A highly efficient way to manage users.

### KONICA MINOLTA MARKETPLACE

Get ahead with access to a whole world of on-line software, applications and IT services through our proprietary store.

**BIZHUB 206**

Compact monochrome multifunction printer for everyday business needs.

- A3 Mono Copier/Printer
- 20 ppm
- GDI A3 Printer
- 250 sheet Cassette
- Colour Scanner

**BIZHUB 227**

A multifunction printer to empower document creation and keep information flowing.

- A3 Mono Copier/Printer
- 22 ppm
- 1,800 dpi

**3D Printer**

Full colour professional 3D printing for realistic models and prototypes. Quickly and affordably turn your ideas into full colour 3D printed models.

The Colour-Jet series creates stunningly beautiful, full colour parts like no other 3D printers can.

The Multi-Jet series of plastic 3D printers are ideal for creating durable, high-definition functional prototypes, rapid tooling such as injection moulds and casting patterns, and end-use parts right in your office.

**Bizhub Production Printing Press**

When your business absolutely depends on print, Konica Minolta production print systems are the solutions of choice.

The bizhub PRESS series offers the perfect solution for efficient and economical digital colour printing with outstanding quality. This is why quality print professionals around Australia have relied on Konica Minolta to stay competitive and support their business goals.

## HP WORK STATIONS

Our vision is to create technology that makes life better for everyone, everywhere — every person, every organization, and every community around the globe. This motivates us — inspires us — to do what we do. To make what we make. To invent, and reinvent. To engineer experiences that amaze. We won't stop pushing ahead, because you won't stop pushing ahead. You're reinventing how you work. How you play. How you live. With our technology, you'll reinvent your world.

**This is our calling. This is a new HP.  
Keep reinventing.**

## HP WORK STATIONS

### HP Small Form Factor/ Workstations

Create a totally immersive work environment for those who demand reliability and performance on a budget. Designed for heavy 24x7x365 workloads, the HP Z230 delivers next-generation processor, graphics technologies and scalability to match your business needs.

### HP Tower Workstation

Designed for heavy 24x7x365 workloads. The affordable HP Z230 Tower Workstation handles the demanding workloads of business applications. Grow along with your business. The HP Z230 Tower Workstation is designed to scale and expand, so you can add more storage and connectivity when you need it.

# SMART Board® 6000 series interactive display

The most popular SMART Board, the 6000 series now includes exclusive iQ technology, the hub of today's classrooms unifying displays, software and personal devices into one cohesive experience

### An all-in-one technology exclusive to SMART Boards

The SMART Board's built-in iQ technology puts everything you need in one place, available at the touch of a finger. There's no need for wires and cables. The embedded computer offers one-touch access to the robust suite SMART Learning Suite applications for interactive lessons, game-based activities and online co-creation. There's also access to collaboration tools, like the built-in web browser and wireless screen sharing.

#### Powered by SMART Learning Suite

SMART Learning Suite includes SMART Notebook®, SMART lab™, SMART response® 2 and SMART amp™. Together, they connect students, teachers and devices to turn lessons into enriching learning experiences.

#### Silktouch™ technology

The most accurate, natural, and responsive touch experience from corner-to-corner. Fingers glide effortlessly over the surface, providing hours of error-free use in perfect comfort.

#### SMART ink™ technology

Writing is natural and looks better with SMART ink. Whether you're using a pen or finger, each stroke is a work of art. Its realistic digital ink improves legibility, so teachers don't have to re-write and students feel confident contributing.

#### Pen ID™

Students can see their contributions free from interruption by their partner. Using different colored ink, you can write independently and simultaneously in any lesson activity to open new collaborative opportunities.

#### Object awareness™

You already know how to use it. Offering the most intuitive experience by automatically differentiating between a finger, pen or palm, do what comes naturally. Touch, write, erase. Simplicity at its finest.

#### 4K Ultra HD resolution

Durable commercial-grade, glare-free LED panels display brilliantly detailed 4K Ultra HD images, text and video (3840 x 2160 pixels). Crisp content clarity and readability keeps students involved no matter where they're seated in the room.

 SMART Learning Suite  
Software Included

#### Simultaneous touch points

With 8 simultaneous touch points, on Windows or Mac, multiple students can use gestures, like zoom, rotate and flip, at the same time. The natural learning experience develops essential life-long collaboration skills without students realizing it.

#### Mini PC compatibility

Have the flexibility to equip classrooms and collaboration environments the best way you see fit. There are mounting points for Mini PCs available.

For further information on the SMART SERIES interactive White Board, scan the QR code or visit:

## iP-110

Stylish, streamline and compact in design the PIXMA iP110 is the perfect solution for the mobile office. Portable printing has never been so easy to produce quality photo prints and documents, anywhere and anytime. With an optional rechargeable battery kit available the iP110 is the printing solution for any mobile office.

## TS5160BK

Discover the PIXMA HOME TS5160, a printer made for convenient high quality colour printing from the comfort of your own home with auto duplex printing,

- 4800 x 1200 dpi
- Auto Duplex
- Duplex Printing
- A4, A5, B5, LTR = 100 sheets, LGL = 10 sheets
- 64-105 g/m2
- TCP/IP , Wireless LAN Network
- Mobile Phone/Tablet Printing
- Camera/Memory Card Printing

## MB-5460

For those of you who print, scan and copy a lot, the Canon MAXIFY MB5460 is for you. Loaded with business ready features, the MB5460 has the speed to keep up with how you work.

- 600 (horizontal) x 1200 (vertical) dpi
- 24 ipm in approx. 6 seconds (FPOT)
- 250 Sheets (Cassette upper & lower)
- SNMP (standard MIB), TCP/IP
- Wireless LAN Network
- Camera/Memory Card Printing
- Print/Scan with any Apple/Android device
- Cloud integration with Cloud Print Apps.
- Apple AirPrint supported

## MF-229dw

This compact network-ready multifunction offers small offices efficient wireless workgroup printing whilst slashing paper costs with its auto duplex copy and print feature. With virtually zero warm-up time from sleep mode, and a First Copy Out Time in less than 6 seconds, this device will speed up your office workflow.

## MF-729cx

A colour laser multifunction Laser Printer that does it all. The MF729Cx features convenient Duplex printing and Duplex Scanning, SEND ability and convenient Wi-Fi connectivity.

- 9600 x 9600 dpi (interpolated) colour scanner
- 33.6kbps Super G3 Fax Machine
- Up to 20 pages per minute Colour & Mono with 14.5 seconds to first print
- 600 x 600 dpi laser print resolution (enhanced to 1200 x 600 dpi by Image Refinement).
- 512MB Memory
- Auto duplex for easy double sided printing
- 50 Sheet Auto Document Feeder

## MF-810cdn

This multifunction will allow you to benefit from superior colour printing, faxing, copying and scanning in one stylish, cost cutting and space saving unit. It allows you to give your marketing materials added impact with beautiful colour images, bold graphics and sharp text.

- Colour/B&W A4: up to 25 ppm
- 600 x 600dpi equivalent
- Standard: UFR II/PCL6(5c,XL)/PS
- SMB, E-mail, FTP
- Up to 33.6 Kbps
- QVGA Color LCD 3.5" touch
- Standard/Max.: 1GB / 1GB
- Apple AirPrint, LDAP
- 550 sheet cassette plus 100-sheet MPT

## LBP212dw

Your perfect entry level printer to enhance business efficiency

- 33 ppm A4 Mono printer
- 250 Sheet Cassette
- 5 Line LCD screen
- PCL/UFRII/Wi-Fi/PS

- 600X600 dpi (1,200 x 1,200)
- Auto Duplex
- USB2/Ethernet
- eRDS

## LBP352x

Extreme speed. Extreme productivity

- 62 ppm A4 Mono printer
- 500 Sheet Cassette
- PCL/UFRII/PS3
- MEAP
- 600X600 dpi (1,200 x 1,200)
- Auto Duplex
- USB2/Ethernet
- eRDS

## LBP654Cx

A4 Colour and B&W printer delivering 27ppm

- A4 27ppm B&W and Colour printer
- UFR II, PCL6, Adobe® PostScript
- 250 Sheet Cassette
- 600X600 dpi
- Auto Duplex
- eRDS

### LBP712Cx

A4 Colour and B/W laser printer delivering 38 ppm

- A4 38ppm & Colour Printer
- PCL/UFRII/PS3
- 550 Sheet Cassette & 100 Sheet Multipurpose tray
- 1GB Ram
- 600 x 600 Dpi
- Auto Duplex
- USB/2, Ethernet
- eRDS

### LBP841Cdn

The fuss free and reliable small office printer

- A3 20ppm & Colour Printer
- PCL/UFRII/PS3
- 250 Sheet Cassette & 100 Sheet Multipurpose tray
- 512MB Ram
- 1200 x 1200 Dpi
- Auto Duplex
- USB/2, Ethernet
- eRDS

### LBP843Cx

Stunning Results, quickly

- A3 31ppm & Colour Printer
- PCL6/UFRII/PS3
- 250 Sheet Cassette & 100 Sheet Multipurpose tray
- 1GB Ram
- 1200 x 1200 Dpi
- Auto Duplex
- USB/2, Ethernet
- eRDS

### iPF-PRO4000

The imagePROGRAF PRO-4000S is designed to deliver the high volume with outstanding quality

- Outstanding LUCIA PRO 8-colour quality
- up to 44" large format production output.
- 1.28" wide print head.
- 3.5" LCD colour touch screen panel.
- Fast and easy printing of PDF and JPEG from USB memory stick.
- Wi-Fi connectivity
- High-capacity "hot swap" ink tanks
- Guaranteed colour consistency between jobs
- Print Studio Pro plug-in for Adobe Lightroom®, Adobe Photoshop® and Canon's Digital Photo Professional.

### iPF-TX3000

A large format printer that handles heavy workloads with ease

- 5-Color 36-inch Printer
- 1200 dpi (Up to) 2400x1200dpi (Max)
- USB 2.0 10/100/1000 Base-T/TX
- 5 picoliter
- 160 ml, 330ml or 700ml per color
- Pigment Ink
- 2 GB (Physical RAM)
- 500 GB
- Cut Sheet - 8" - 36"
- Roll Feed - 8" - 36"

### iPF-780MFP

The iPF780 MFP provides a fast and effective system for copying, archiving and distributing maps, drawings, renderings, site and facilities management plans.

- 40" wide scan width with maximum achievable scan speeds of up to 32cm per second
- Up to 44-inch
- 6 inks integrated type
- 1 x Print head
- 2,400 x 1,200 dpi
- 4 pl droplet per colour

# Canon's MFPs win Buyers Lab's Line of the Year, ...again!

Canon Australia is excited to announce that its Multifunction Printers have won Buyers Lab's (BLI) Copier MFP Line of the Year Award, for the third consecutive year.

Buyers Lab is the world's leading authority on document imaging devices and software solutions. Its Line of the Year award is one of Buyers Lab's most coveted awards and is given once a year to the vendor whose product line is determined to be the best overall, with models at every level that excel in Buyers Lab's rigorous laboratory evaluations.

George Mikolay, Associate Director of Copiers/Production for Keypoint Intelligence- Buyers Lab, said: "The models in Canon's copier MFP line are running three years strong as trailblazers in their respective segments. Each of the 14 current models Buyers Lab tested out easily-replaceable components, extraordinarily comprehensive usability, and an astonishing overall misfeed rate of just 1 every 426,000 impressions, making them some of the most productive and reliable machines to pass through our labs to date."

The surplus of workflow-expediting, cost-cutting solutions each device supports are the icing on the cake, and the machines will produce high quality printed and copied output that businesses of all types will be ecstatic about," added Mikolay. Canon currently has a total of 13 Copier MFP Pick awards. In addition, all 14 of Canon's Copier MFP models tested have earned a Highly Recommended rating.

Gavin Gomes, Director, Canon Business Services, said Canon's Australian business was incredibly excited to receive this award again in 2018.

"The Buyers Lab Line of the Year award really is one of the most respected and prestigious awards in our business. We were honoured to win this award in 2016, but to win it three years in a row is a great achievement for our business and our people. This recognition truly reflects the quality of Canon's technology and our commitment to developing efficient and customisable office solutions that keep digital security top of mind and make life just a little bit easier for our customers."

## MEET THE NEW CANON GEN III FAMILY

### iR-ADVC256/356i

Don't let it's petite size fool you. Canon' versatile C256i II / C356i II will quickly become the hub of your workplace

- Up to 60/70/80 pages per minute Colour & Mono with 4.9 seconds to first print
- 1,200 x 1,200 dpi laser true print resolution
- 2GB Memory + 160GB HDD
- 8.4 inch Colour TFT LCD Touch Screen
- Auto duplex for easy double sided printing
- 2 x 550-sheet Paper Cassette, 2 x 1500-sheet Paper Drawer, 100-sheet Stack Bypass
- 300 Sheet Auto Document Feeder

## P-208II Scanner

This scanner is not just for the office. The imageFORMULA P-208II is a ultra-portable mobile scanner that comes equipped with ADF, making high-performance scanning possible virtually anywhere. Its lightweight, compact design makes it ideal for use in the home or anywhere you happen to find yourself.

- Desktop A4 Sheetfed Scanner
- Hi-Speed USB 2.0
- Black and White, 24-bit Colour
- 600 x 600 dpi
- Simplex / Duplex
- Power from USB

## DR-C225II Scanner

With the use of a U-turn path, there is no need to leave a space in front of the scanner for document delivery, resulting in a neat, slim body for space-saving operation. The imageFORMULA DR-C225 allows high-speed scanning of 25 ppm\* in either colour or back and white

- Desktop A4 Sheetfed Scanner
- 26ppm Simplex / 50ppm duplex
- Skip blank page, folio
- Hi-Speed USB 2.0
- Available as Wireless model

## ScanFront 400

A bright, responsive and user friendly 10.1" TFT touchscreen provides a simple interface for all scanning operations.

- Desktop Network Sheetfed Doc Scanner
- Scan to email, FTP, Fax, Printer, USB, Folder
- 60 Sheet input feeder
- 45ipm Simplex / 90ipm duplex
- Skip blank page, folio
- Hi-Speed USB 2.0
- ISIS/TWAIN

## DRM140

The super compact body of the imageFORMULA DR-M140 document scanner perfectly slots into small spaces and counter tops - while its carefully thought out functionality delivers effortless, high quality scanned documents.

- Desktop A4 Sheetfed Scanner
- 60ipm Simplex / 120ipm duplex
- Skip blank page, folio
- Hi-Speed USB 2.0
- 50 Sheet input feeder

## DRM260

The high-performance DR-M260 is specially tailored to handle the demands of efficient processing of scanned documents.

- 80 sheets Feeder
- up to 60ipm / 120ipm (2-sided)
- Up to 600 dpi in scanning resolution
- User Friendly LCD Panel
- Gen 3.1 USB
- Batch Separation
- Capture Perfect Software

## Image Formula DR-G1100

Double-sided pages fly through this scanner in a single pass thanks to intelligent systems that detect and manage anomalies in media, size and skew.

- 500 sheet Feeder
- up to 100ipm / 200ipm (2-sided)
- Up to 600 dpi in scanning resolution
- User Friendly LCD Panel
- High Speed USB 2.0
- Dropout and Colour Enhancement
- Text Enhancement
- Skip Blank Page
- Capture Perfect Software

# intimus®

## PAPER SHREDDERS

Get more Comfortable and safe operation with slide switch or push button

- Easy to empty, no mess: simply slide out the complete bin

In addition to a **26 megapixel camera**, which is nearly twice the optical resolution of any other microfilm scanner on the market, the standard ScanPro 3000 unit comes fully-featured with a **cutting-edge design** and **powerful software capabilities** that will revolutionize the way patrons and researchers work with microfilm. More importantly, the ScanPro 3000 is easy to use and built to last.

# Print Services

Using the latest print technology, we can assist with your copying and printing needs. We can also help with binding, stapling, hole punching and can deliver your job straight to your office. Whether you need Black/White, Colour photocopying, printing or digital scans (even up to A0 size), we can help you get your Documents out on time.

## What We Do..

- Colour and B/W Digital Printing
- Colour and B/W Digital Photocopying
- Document Binding
- Document Scanning
- Facsimile Service
- Large format Copying, Printing & Scanning

**FULL COLOUR**  
PRINTING

**DOCUMENT  
SCANNING  
SERVICES**

When you need to create digital replicas of important hardcopy documents, look to our professional scanning service. Whether your job involves text or images, we can save your high resolution scans to USB, CD or PC file, allowing you to email, embed or archive the file quickly and conveniently. Our scanning service is handy for general records, legal files or financial documents – reducing physical storage issues and enhancing disaster recovery and data retrieval.

## IT SOLUTIONS

A range of reliable and responsive IT Support Services designed to pro-actively manage and support you and your Business.

## SERVICES

- Hardware Solutions
- Network Support
- Software Installations
- Web site Design and Implementation
- Secure Data Storages implementation
- Managed Print Services
- Virus Removal
- Remote Support

uniFLOW for SMB gives you the flexibility and power to control the printing that goes on in your organization, optimizing costs and bolstering productivity. For example, you can control who has access to costly functionality, such as color printing and premium finishing options; force double-sided printing for all routine documents; automatically route high-volume jobs to more cost-effective, high-volume devices; set a maximum weekly or monthly usage; and even charge all, or excessive, usage back to particular internal groups. You can also assign usage to particular projects and accurately bill clients, reclaiming "overhead" costs.

The world of IT can be daunting and frustrating at times – but we are here to help make your life easier. It doesn't matter if your business is large or small, if you're technical, or lost when it comes to IT, we will work with you to find the right solution from our wide range of technologies.

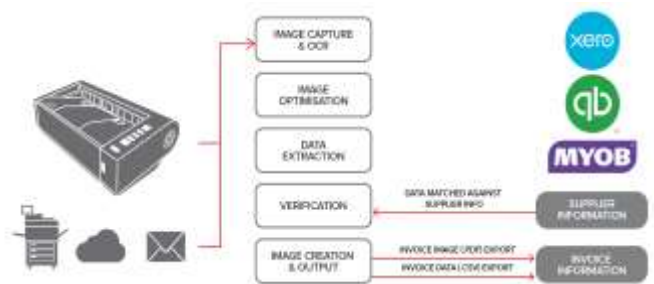

**We can provide you with reliable and responsive IT Support Services with consultancy and advice you can trust.**

The flow of information throughout a business can greatly enhance or hinder the efficiency and productivity of your people. Now you can eliminate time-consuming processes and streamline your workflow, so there's nothing holding your business back.

## Canon Accounts Payable Solution

Blaze through your accounts payable processing for the next financial year with a Canon Accounts Payable Starter Solution or Accounts Payable Essentials Package.

# \$20,000 instant asset write-off

The \$20,000 threshold has been recently extended to 30 June 2019.

If you buy an asset and it costs less than \$20,000, you can write off the business portion in your tax return for the relevant income year.

You are eligible to use simplified depreciation rules and claim an immediate deduction for the business portion of each asset (new or second hand) costing less than \$20,000 if:

- You had a turnover less than \$10 million (increased from \$2 million on 1 July 2016), and
- the asset was first used or installed ready for use in the income year you are claiming it in.

Assets that cost \$20,000 or more can't be immediately deducted. They will continue to be deducted over time using the general small business pool. You write off the balance of this pool if the balance (before applying any other depreciation deduction) is less than \$20,000 at the end of an income year.

The \$20,000 threshold applies from 12 May 2015 to 30 June 2019 and reduces to \$1,000 on 1 July 2019.

To seek further advice on the above, please contact the ATO or a registered tax agent.

## Lower company tax rate changes

### 2017–18 income year

From the 2017–18 income year, a company must be a base rate entity to be eligible for the lower 27.5% company tax rate.

A company is a base rate entity if both of the following apply:

- They have a turnover less than the turnover threshold – which is \$25 million for the 2017–18 income year (increased to \$50 million from the 2018–19 income year)
- 80% or less of their assessable income is base rate entity passive income (such as interest, dividends, rent, royalties and net capital gain).

When working out the rate to use when franking your distributions, you need to assume that your aggregated turnover, assessable income and base rate passive income will be the same as the previous year.
